Will,

Thank you for all you've done as we've worked through this. I do have a couple of questions for you. First, in the letter I sent you around January 23, I requested a formal hearing on the informal grievances included in the case against me. I've never heard anything back from you regarding this request. Second, I would like to know if after the Faculty Review Board hearing there were any additional meetings, correspondence or communications between President Williams, Dean Jarvis and/or Mark Houser where this case was discussed. And finally, was President Williams made aware of Monica Hart's letter.

Yours,

Varlo Davenport
